Meets on first and third Sunday evenings of each month, at 7 o'clock, at Odd Fellows' Hall. All sojourning brethren are cordially invited to attend.

By order Worthy President, A. L. LANE, FRANK C. POOR, Sec.

## THOUSANDTH TRIP OF KINAU

Will Be Due in October---Work on Coconut Island---A Forest Picnic.

HILO, August 9.—Within about two months, on October 12 next, when she arrives back in Honolulu, the steamer Kinau, of the Inter-Island Company, will have completed her one thousandth round trip between Honolulu and Hilo. This does not include any special trips that have been made, trips to other island ports, or her trip made a few years ago to San Francisco, but simply her regular runs between Honolulu and Hilo.

The Kinau has been in this service for more than twenty years. Making one weekly trip, or fifty-two yearly trips, would give her a total of 984 round trips in 19 years. But for a long time she sailed from Honolulu only once in ten days, which would bring the time occupied in this one service beyond twenty years.

As the length of each trip, including regular ports of call, is 239 miles, the total round trip is 478 miles, which, for 1900 trips, means that the Kinau will have covered a total distance of at least 478,000 miles. But when she was making her ten-day trips, she called at more ports and covered a longer distance, so that the Kinau will really have traveled more than half a million miles when she completes her one thousandth round trip in October next, during a period of rather more than twenty years.

During this term of service the Kinau has had four or five different captains and two or three different engineers. But she has always had the same purser, Admiral Beckley, who has never left his ship except when taking a well-earned vacation.

PICNIC IN FOREST.

Another of the jolly parties for which Demosthenes Lycurgus has become so famous was given in Mahogany Forest on Saturday last, over twenty being present. No better idea of the picnic and its surroundings can be obtained than by a glance at the pretty photograph taken when the party sat down to lunch, amidst the most beautiful surroundings of nature. Those present were Mrs. Hastings, Miss Alice Hastings, Miss Katherine Woodford, Miss Marion Bell, Mr. and Mrs. Harold Gay, Mrs. Stephens, Miss Stephens, Mrs. Mist, Miss Mist, Mr. Robert Mist, Mr. Wells, Mr. Stewart, Mr. Galt, Mr. Southack, Mr. Weiler, Paris Lycurgus, Misses Vivian and Hazel Buckland, Philip Frendo and Demosthenes Lycurgus.

COCOANUT ISLAND.

Chairman Todd of the Board of Supervisors is not content with the appointment of a governor for Coconut Island. He has secured the services of a small gang of five prisoners who will begin to clean up the place as soon as the weather permits, leveling off the land, blasting out some rock at the bathing place and spreading white sand. The prisoners will be driven daily, to and from the island, by the Volcano Stables, so that there will be no cost for the work thus far. Chairman Todd also hopes to induce the Supervisors to make a small appropriation for the repair and rearrangement of the dressing compartments for bathers, putting them under lock and key. He also wants to erect a small stand for the band, and an open shed with table and seats for picnickers.

PEPPER THROWER FINED.

A nol. pros. was entered in the case of the Japanese arrested at Waimea for passing a supposedly counterfeit five dollar gold piece, as there was some doubt whether the coin was good or not. It will be forwarded to United States Marshal Hendry at Honolulu.

Shige Nakamura, who threw pepper in the eyes of a horse when racing, was fined \$100 and \$4.30 costs. The fine was promptly paid.

CHESS CHAMPION.

Mr. J. U. Smith has beaten Dr. Elliot for the chess championship of the Island of Hawaii.

Fifty cents—one week's fuel—three meals per day—use gas.

HILO IN DANGER OF BURNING UP

HILO, August 9.—Possibility of a serious conflagration stares Hilo in the face, in the opinion of A. B. Gurrey, secretary of the Board of Fire Underwriters of the Territory of Hawaii. In plain words, and without attempting to hide any of the defects of this city, Mr. Gurrey points out its weak spots and its needs, at the same time suggesting remedies. The Board of Trade has appointed a committee to draft an ordinance to provide building regulations and for the appointment of a Fire Marshal. Mr. Gurrey says: "In many of the stores and buildings along Front street the condition of the electric wiring I found was most dangerous—about every rule for safely handling current is violated. This feature alone should add to your present rates at least fifty per cent. The sagging cloth lining, often hanging loose, is a serious hazard outside of the fact of electric wires and fixtures being in

connection with it. On the Coast, for such ranges the rates would be from ten to fifteen per cent.—and you are paying nowhere over six. Even here in Honolulu on our worst ranges, and we have none quite so bad as those I refer to, our rates run to eight per cent. and even where such rates hold many insurance companies prohibit writing on them.

"Your city front will surely burn some day if there is anything in experience to be relied on. I think I can say with perfect truth that there is no frame town on the Coast, from British Columbia to the Mexican line, and as far East as Colorado, that has been destroyed by conflagration, and why not Hilo? And when it comes, how far will it burn? Where have you any fire stops you can rely on? You have only your narrow streets. The reliability of your one fire engine under heavy stress is somewhat questionable. You have good hose and a good supply—your water pressure is good—I am not sufficiently informed as to the adequacy of your water supply under heavy drain to speak of it.

"I note, too, that you are not improving your fire hazard. In the last year or so there has been constructed, right in your business quarter, in the center of the block, some wooden buildings that add greatly to the hazard, and still another large frame building was under construction while I was in Hilo."
